

7.2.1 Title of best practices I-Financial support to students

Today education system is student centric the overall progress of the student is the main aim of the NSGPM College of Pharmacy. To fulfill these needs under social responsibilities, the institution introduces the student adoption scheme in all branches of pharmacy 2nd year of pharmacy 4th year of pharmacy under this scheme college students funded by as per their economic need to pursue their education.

Objective:

The Objective of the Scheme-

1. Providing Financial Assistance to the Needy and Monitorial Student.
2. Providing Economic Support for EWS OBC, General and NT category student.
3. Special scheme for Girl Candidates
4. To Attain Academic Progress of the Student
5. To Provide Educational and physiological individual Session for the Student.
6. Take Feedback form this Student make the Appropriate changes in the Structure.

Context:

The government offers many scholarship programs to help financially this advantages students in additional to current scholarship programs. The institution launched the "Student Adoption Scheme" in 2016. The institution fulfills its mission provide education for everyone by giving financial help to student from economically disadvantages backgrounds.

The Practice:

The scholarship is given to student base on their needs and merit basis the students applies for the scholarship starting why he/she need money after determining that the pupils are the deserving of a scholarship, a committee recommends the case to the office financial help is given to students space on their need.

Evidences of Success:

After the implementation of this strategy the dropout rate owing to a lack of recourses has been decreased and the effective measures lead to success rate of the student in throughout curriculum .Students who could not afford to complete their education owing the financial difficulties benefited from this initiative this scholarship has aided numerous students up to this point.

Problems Encountered and Recourses Required:

Getting initial funding together was the most difficult obstacle to overcome while establishing program the scholarship program initially began with little financial means but overtime more funding was accrued. A significant number fo generous individual came forward to make contribution to the fund donation were made by staff member as well who were quite kind.
